May 17, 2017

Greetings Prospective Sponsor,

Brenda House of Promising Futures is a transitional home that will supply homeless young mothers with the necessities to provide for themselves and their families. The transition house will serve as a temporary home for the ladies while they learn the necessary skills to become independent additions to the community.

We are humbly asking for the support of the community and business affiliates to financially assist us with this project so we can start changing lives. Your donation would assist greatly contributing to the final renovation progress along with many resources from housing, daily meals, clothing, personal and household up-keeping items, and array of other resources. We are asking receipt of all donations by June 30, 2017.

Brenda House is in the process of completing the renovations and is expected to open our doors to receive guests by July 31, 2017. Attached you will find more information about the founder of the organization, Jeannette Alexander and Brenda's House.

Please contact Latanya Gaines or Erica Gaines in regards for all donations.

We thank you in advance for your donation and helping us get closer to achieving our goals.

Thank you  
**Jeannette Alexander**
